REASONS FOR ALLOWANCE

The amendment filed on June 10, 2005 has been entered. The specification has been amended, claim 18 has been cancelled and claim 19 has been added.

The new drawing sheet containing Figure 3 was received on June 10, 2005. The drawings are acceptable.

Claims 1-17 and 19 are allowed.

The following is an examiner's statement of reasons for allowance:

None of the prior art of record shows or suggests an electromagnetically actuated dual clutch-brake combination for connecting an input shaft to one of a first or a second output shaft including the clutch armature, clutch magnet coil, restoring means, brake magnet coil and brake armature arranged together in the manner set forth in claim 10, and particularly wherein the clutch armature is connected rotationally fast with the input shaft, the clutch magnet coil brings the clutch armature to a first shift position whereat torque is transmitted from the input shaft to the first output shaft when the clutch magnet coil is energized, the restoring means brings the clutch armature to a second shift position whereat torque is transmitted from the input shaft to the second output shaft when the clutch magnet coil is switched off, and the brake armature is connected rotationally fast to the second output shaft which is braked when the brake magnet coil is energized. Claims 11-17 and 19 being dependent upon claim 10 are allowable for at least the same reasons.

Applicant's arguments appearing on pages 7-9 of the response filed June 10, 2005 with respect to the rejection of claim 18 under 35 USC 112, first paragraph have been fully considered and are persuasive.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Richard M. Lorence whose telephone number is (571) 272-7094. The examiner can normally be reached on Mondays through Fridays from 9:00AM to 5:30PM.
